**Reflections:** Please mark an X along the line to indicate your level of understanding.

**MS-PS2-2 I can describe each of Newton's Laws of Motion and given an example of each as it relates to a sports activity.**

---

I cannot YET

I think I can...

I know I can!

**Evidence:**

**MS-PS2-1 I can explain how two objects with different velocities can have the same momentum.**

---

I cannot YET

I think I can...

I know I can!

**Evidence:**

**MS-PS2-1 I can state the Law of Conservation of Momentum and describe how it applies to a collision of two objects that move as one after they collide.**

---

I cannot YET

I think I can...

I know I can!

**Evidence:**
