

# Science Quiz/Test Corrections

Name: \_\_\_\_\_ Hour: \_\_\_\_\_

Use this sheet as a guide to correct questions that you missed on your test or quiz. Be sure to **complete each column** and to **correct all questions that you answered incorrectly**. For each question that you rewrite, give the correct answer and the location where you found the correct answer. **Corrections are required for every student.**

<b>Question Number</b>	<b><u>Rewrite the question with the correct answer.</u></b> For <b>Multiple Choice/Fill in the Blank/Essay Questions</b> : Write out with both the question and the answer completely. For <b>True/False questions</b> -you must explain how to create a true statement.	<b>WHERE did you find the answer?</b> (page in text or notebook and/or worksheet name) <i>Study Guide/Internet cannot be used for source.</i>
